

TemperatureSensor

```
classDiagram
    class TemperatureSensor
    class sensorModule_SensorModuleInternals["sensorModule::SensorModule Internals"]
    sensorModule_SensorModuleInternals --|> TemperatureSensor
```

The diagram illustrates a generalization relationship. A light gray box at the top is labeled "TemperatureSensor". A dark gray box at the bottom is labeled "sensorModule::SensorModule Internals". A blue arrow points from the top of the dark gray box to the bottom of the light gray box, indicating that the dark gray box is a specialization or subclass of the light gray box.
